

Product Specification Sheet

Medium Insulated Socket Assembly

16A-63A Small Insulated Socket Assembly

EI-Björn UK designs and manufactures Multi-Voltage Industrial Socket Outlet Assemblies (MVSA) to BS EN 60309-2, rated from 16A to 63A, in single or three-phase varieties.

The outlet assembly range are a custom designed product series, built to the customer's exact specification and can incorporate isolator, RCD, kWhr meters with or without MCB overcurrent protection. Hardwired outlets and non-standard outlets are also available.

Switched interlocking is possible for areas where uninstructed persons may be operating the equipment and to prevent the insertion or withdrawal of plugs on load, and for applications where switched interlocking is required by BS7375 for construction site applications.

This particular product is designed for temporary or permanent installation in heavy industrial environments. All EI-Björn MVSA products come with a 5 year warranty.

Product Benefits

- Custom configured Multi Voltage Socket Assembly (MVSA)
- Socket outlets built to BS EN 60309-2
- All insulated enclosure in grey (galvanised, powder coated and stainless steel versions available)
- IP44 and IP67 versions available
- Available for purchase - POA

Technical Data

Product name	Medium Insulated Socket Assembly
Product Number	EB11340
Rated current	16A - 63A
Voltage	400V
Incoming Connectable area Al/Cu	4 mm ² to 35 mm ²
RCD	30mA - 500mA (instantaneous or time delayed)
Dimensions (H x W x L) mm	515 x 300 x 220
Short-circuit strength Icc	6kA
Weight (kg)	Enclosure weight based on configuration
IP rating	IP44 and IP67 versions available
