Product Specification Sheet

KH18

The KH18 portable heater is our largest and most powerful Cube Heater, able to produce a total heat output of 18KW. Designed for temporary or permanent heating, the KH18 is fitted with a 5 pin, 3 phase, 32 Amp plug, ideal for use in; retail shops, warehouses, workshops, constructions sites, industrial areas, event spaces and similar areas.

Equipped with wheels for ease of movement and a large connection collar, allowing for the connection of additional ductwork to help better direct the flow of warm air to specific areas. The KH18 portable heater produces a high airflow with minimal noise and are equipped with a mechanical thermostat allowing you to control the room temperature. The overheating protection technology allows the heater to safely run unattended without overheating within a dry work environment.

IP44

Product Benefits

- Mechanical thermostat for room temperature control
- Overheating protection
- High air flow with low noise
- Wheels for easy movement
- Large connection for use with flexible duct

Technical Data

Product name	KH18
Product Number	EB16328
Rated current	25A
Voltage	3N-400V
Plug Type	5 pin, 3 phase, 32 Amp plug
Total heat output (kW)	18
Power setting (kW)	9-18
Airflow (m^3/h)	1800
Noise level (dB(A))	66.5
Weight (kg)	27
Dimensions HxWxL (mm)	484x393x500
Protection rating	IP44
Average seasonal efficiency	36%
