

Product Specification Sheet

KH2.5 230V

The KH2.5 portable heater is the our smallest Cube Heater able to reach a total heat output of 2.5KW. Designed for temporary or permanent heating, the KH2.5 is fitted with a domestic, 3 pin, 13 Amp plug, ideal for use in; schools, warehouses, workshops, office spaces, constructions sites, industrial areas and event spaces.

Equipped with a large connection collar that allows for the connection of additional ductwork to help better direct the flow of warm air to specific areas. The KH2.5 portable heater produces a high airflow with minimal noise and is equipped with a mechanical thermostat allowing you to control the room temperature. The overheating protection technology allows the heater to safely run unattended without overheating within a dry work environment.

Product Benefits

- Mechanical thermostat for room temperature control
- Overheating protection
- High air flow with low noise

Technical Data

Product name	KH2.5 230V
Product Number	EB16314
Rated current	9A
Voltage	1N-230V
Plug type	3 pin, 13 Amp plug
Total heat output (kW)	2
Power setting (kW)	2
Airflow (m³/h)	375
Temperature increase	45°C
Noise level (dB(A))	52.8
Weight (kg)	10
Dimensions HxWxL (mm)	333x299x274
Protection rating	IP44
Average seasonal efficiency	36%
