Product Specification Sheet

KH9

The KH9 portable heater is our medium sized Cube Heaters, able to produce a total heat output of 9KW. Designed for temporary or permanent heating, the KH9 is fitted with a 5 pin, 3 phase, 16 Amp plug, ideal for use in; retail shops, warehouses, workshops, constructions sites, industrial areas, event spaces and similar areas.

Equipped with wheels for ease of movement and a large connection collar, allowing for the connection of additional ductwork to help better direct the flow of warm air to specific areas. The KH9 portable heater produces a high airflow with minimal noise and are equipped with a mechanical thermostat allowing you to control the room temperature. The overheating protection technology allows the heater to safely run unattended without overheating within a dry work environment.

IP44

Product Benefits

- Mechanical thermostat for room temperature control
- Overheating protection
- High air flow with low noise
- Wheels for easy movement
- Large connection for use with flexible duct

Technical Data

Product name	KH9
Product Number	EB16327
Rated current	13A
Voltage	3N-400V
Plug type	5 pin, 3 phase, 16 Amp plug
Total heat output (kW)	9
Power setting (kW)	4.5-9
Airflow (m^3/h)	950
Noise level (dB(A))	64.8
Weight (kg)	23
Dimensions HxWxL (mm)	419x393x492
Protection rating	IP44
Average seasonal efficiency	36%
